

ECON 3010 Intermediate Macroeconomic Theory

Homework #6

Due: 11:59 pm Tuesday, April 14, 2020

Ten *Sapling* multiple-choice questions. You have unlimited attempts to complete the assignment and they are due at midnight on the date above.

The written questions below are due at the day & time above and should be typed.

1. Chapter 7. Problems and Applications #3. To answer this question, choose initial numbers for U , L and E ; assume $s = 0.01$ and $f = 0.19$. Then use Figure 7-2 and the Microsoft Excel spreadsheet template to show that unemployment will converge to $U/L = 0.05$.
2. Chapter 7. Problems and Applications #5, (a)-(d).
