**Inclusive Access:** This course is taking part in a newer program called *Inclusive Access*, The University of Wyoming Bookstore’s new digital course material service. This new service enables the bookstore to offer students instant access to online course materials, like textbooks and class websites, at the lowest price possible. This semester your course will be included in a select number of courses taking part in this newly available program. The bookstore has implemented this program to save students as much money as possible to combat the current high prices of course materials.

So what does this mean for you, the student? It means you immediately have access to your digital course materials on the first day of class! To gain access to your content you’ll log in to your UWYIO course and click the RedShelf tool.

Your student account has been charged the bookstore’s exclusive low price. If, for some reason, you decide you do not want to purchase these materials from the bookstore, you can opt-out of the Inclusive Access program by going to the RedShelf link in your UWYIO course, clicking the View Course Materials button, scrolling to the bottom of the page to click the grey opt-out button and following the prompts. Check with the University Store for the opt-out deadline (approximately one week after class begins), but if you opt-out before the deadline you will receive a refund to your student account. Please contact the bookstore with any questions about refunds or *Inclusive Access*.
